

*Fluoropolymers Division  
Fall 2007 Conference  
September 23-25, 2007  
The Venetian Resort, Las Vegas, NV*

---

**Sunday, September 23, 2007**

- 8:00 a.m. Open Golf, *Las Vegas Paiute Golf Resort*
- Shining at 7,112 total yards, is the tamest of the courses but the holes are every bit as good. A kinder, gentler Dye design, it's depicted by natural rolling terrain and enchanting scenery. Many golfers hail the Sun as their favorite because they feel like they are on the edge of nature due to the location of the course being completely away from the resort's interior. The 12th is brilliant even on a cloudy day because of the monstrous mountain backdrop, indigenous desert landscape, and sweeping slope changes, which will advise a player to think before swinging. Golfers will warm to the experience on the Sun since the course also offers four tee options.*
- 4:00 –6:00 p.m. Executive Committee Meeting  
*Murano Room 3202*
- 6:00 –7:30 p.m. Welcome Reception  
*Murano Room 3203*
- 

**Monday, September 24, 2007**

*Spouse/Guest Activities*

**9:00 - 10:00 a.m.**

**Buffet Breakfast**  
*Murano Room 3202*

*The General Session will be held in Murano Room 3204.*

- 7:30 – 8:00 a.m. Continental Breakfast
- 8:00 - 9:00 a.m. **Issues Management Committee Update**
- An update on the PFOA situation around the world, including regulatory activity and industry actions
- 9:00 – 10:00 a.m. **Trade Secret Protection** (Steve Milbrath, Allen, Dyer, Doppelt, Milbrath & Gilchrist, P.A.)
- Steve Milbrath is a Board Certified Business Litigation Lawyer. He has substantial experience in the trial and appeal of complex cases, including all phases of intellectual property, and in the representation of litigants in federal court appeals. He has tried many intellectual property cases and recently was lead counsel for the plaintiff in a patent case in which the jury awarded \$25 million dollars in damages.*

*Mr. Milbrath served as the Law Clerk to the Honorable Dwain Box, Chief Judge, Oklahoma Court of Appeals (Div. I) during 1975-76, and as the Law Clerk to the Honorable George C. Young, Chief Judge, United States District Court, Middle District of Florida in 1977-78. After his clerkship and a period of private litigation practice, Mr. Milbrath served as an Assistant United States*

*Attorney for the Middle District of Florida during 1980-83 and as a Special Assistant United States Attorney in 1989, during which time he handled the prosecution of complex business and fraud crimes. The balance of his practice has involved the representation of parties in complex litigation, principally in federal court.*

*While in law school, Mr. Milbrath served as the Survey Editor for the Oklahoma City University Law Review (1976) and was the recipient of the American Jurisprudence Book Awards in Commercial Paper and Remedies*

## **Tuesday, September 25, 2007**

*The General Session will continue in Murano Room 3204.*

7:30 – 8:00 a.m.	Continental Breakfast
8:00 – 8:30 a.m.	FPD Division Business Meeting
8:30 - 9:00 a.m.	<b>Bar Coding/Warehouse IT</b> (Martin Garnett, Whitford Corporation)  <i>Martin Garnett has been Managing Director of Whitford's UK subsidiary for the last two years. Previously he worked for a US labelling company where his UK team launched what is now the world's largest item level RFID programme at retailer Marks &amp; Spencer. Challenged by Whitford President Dave Willis 18 months ago to devise an RFID drum tagging system that would allow Whitford to manage customers' warehouse stocks remotely, Martin has an interesting tale to tell. The route has taken in conventional and unconventional RFID systems but has finally led to an innovative 2-D barcode warehousing and information solution.</i>
9:00 – 9:30 a.m.	<b>Current Activity in Employment Law - What You Need to Know</b> (David Sarvadi, Keller & Heckman)

This presentation will focus on the following:

- Current Employment Law activities in Congress
- Supreme Court cases in the past term on Employment Law issues
- Regulatory initiatives at the U.S. Department of Labor
- Regulatory initiatives at the U.S. EEOC
- National trends in state employment laws

*David Sarvadi works with clients in the areas of occupational health and safety, toxic substance management, pesticide regulation, employment law, and product safety. He helps clients open new markets and maintain existing ones by helping them comply with PMN requirements under Toxic Substances Control Act (TSCA), pesticide registrations under Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), and labeling requirements under the Federal Hazardous Substances Act, and MSDS requirements under the Occupational Safety and Health Administration (OSHA) Hazard Communication Standard (HCS).*

*In addition to the U.S. regulatory programs, Mr. Sarvadi provides assistance on the risk and hazard communication and related regulatory schemes world-wide, such as the European Union's Dangerous Substances and Dangerous Preparations Directives, and Canada's Workplace Hazardous Materials Information System, and similar programs in developing countries. He is conversant on the related aspects of REACH, the EU's new regulatory scheme for existing chemical substances, and assists companies in preparing for the challenge of organizing Chemical Safety Reviews under that new program. He has more than 30 years experience in preparing MSDS and labels, in preparing safety analyses and evaluating uses, and developing control strategies including specific recommendations for control of hazards from occupational and consumer uses of chemicals.*

*He represents clients before a variety of federal and state enforcement agencies in legal proceedings involving OSHA citations, EPA Notice of Violations, TSCA consent orders, CPSC Notices, FIFRA Stop Sale Use and Removal Orders, and EEOC Charges of Discrimination.*

*He was counsel to the National Coalition on Ergonomics from its inception in 1994. He has a strong background in occupational safety and health, having worked as an industrial hygienist for more than 15 years and became a Certified Industrial Hygienist in 1978. Prior to becoming an attorney, he was a principal in a small consulting firm, and managed a corporate industrial hygiene and product safety program for a Fortune 500 company.*

*Mr. Sarvadi was selected by the National Academy of Sciences to participate in a panel of the Institute of Medicine that was asked to review a study by the National Institute for Occupational Safety and Health on the use of respirators in the U.S. He was asked to participate because of his expertise in law and industrial hygiene.*

9:30 – 10:00 a.m.

Break

10:00 – 11:00 a.m.

**Keynote Speaker: Susan Ershler – Business & Sales Executive and Mountain Climber! (Mount Everest)**

*Susan Ershler has made a living of performing at a high level. For the past 20 years, Sue served in a number of management positions for Fortune 500 corporations across the nation, predominantly in the Telecommunications industry for Qwest, Verizon, and United Technologies. Formerly as Regional Vice President, she was responsible for leading a national sales and service organization focused on providing advanced broadband networking solutions to the corporation's largest corporate clients and represented over \$600 million in revenue. Yet, many people know Sue for her accomplishments on the world's greatest mountains. **On May 16, 2002, Sue with her husband Phil climbed to the summit of Mt. Everest and became, "The first couple in history to climb the Seven Summits".***

11:00 – 1:00 p.m.

Lunch on your own

1:00 – 5:00 p.m.

Golf Tournament, *Bear's Best Golf Club*

*It's only fitting that Jack Nicklaus would design his first Bear's Best Premier Daily Fee Golf Course in Las Vegas. In a city known for its unique experiences, Bear's Best and Las Vegas create the perfect twosome. The new Bear's Best course in Las Vegas gives golfers the opportunity to play 18 of Jack Nicklaus' favorite golf holes in one majestic round of golf. Each hole was selected by the Golden Bear to flow perfectly in creating this one-of-a-kind golf experience.*

*Upon stepping into the clubhouse you will marvel at the many photos, plaques and memorabilia from the legendary golf course designer and player, Jack Nicklaus. Arrive early, because you will undoubtedly spend a few extra minutes in Jack's Place. After your round, relax next to a fireplace on our 5,000 square foot covered patio. At an elevation of 3000 feet, the clubhouse and patio offer exhilarating views of the golf course, the Red Rock Mountains and the lights of the Las Vegas skyline.*
